CLIENT CONSENT TO ASSESSMENT/TREATMENT

Treatments may include manual therapies where the health practitioner places his/her hands on your body. Many techniques will involve contact between your body and the practitioner's body. Body and hand contact may include areas of your chest wall, pelvic floor, and pubic bones. If intraoral work is required, disposable latex or vinyl gloves will be worn.

At times, the practitioners may ask you to remove some items of clothing in order to facilitate treatment. If you do not feel comfortable with any part of the treatment, please tell us immediately. The techniques can be discontinued or modified to be comfortable for you.
